

# In-Depth Crash Interview Lab

ERAU Virtual Hub

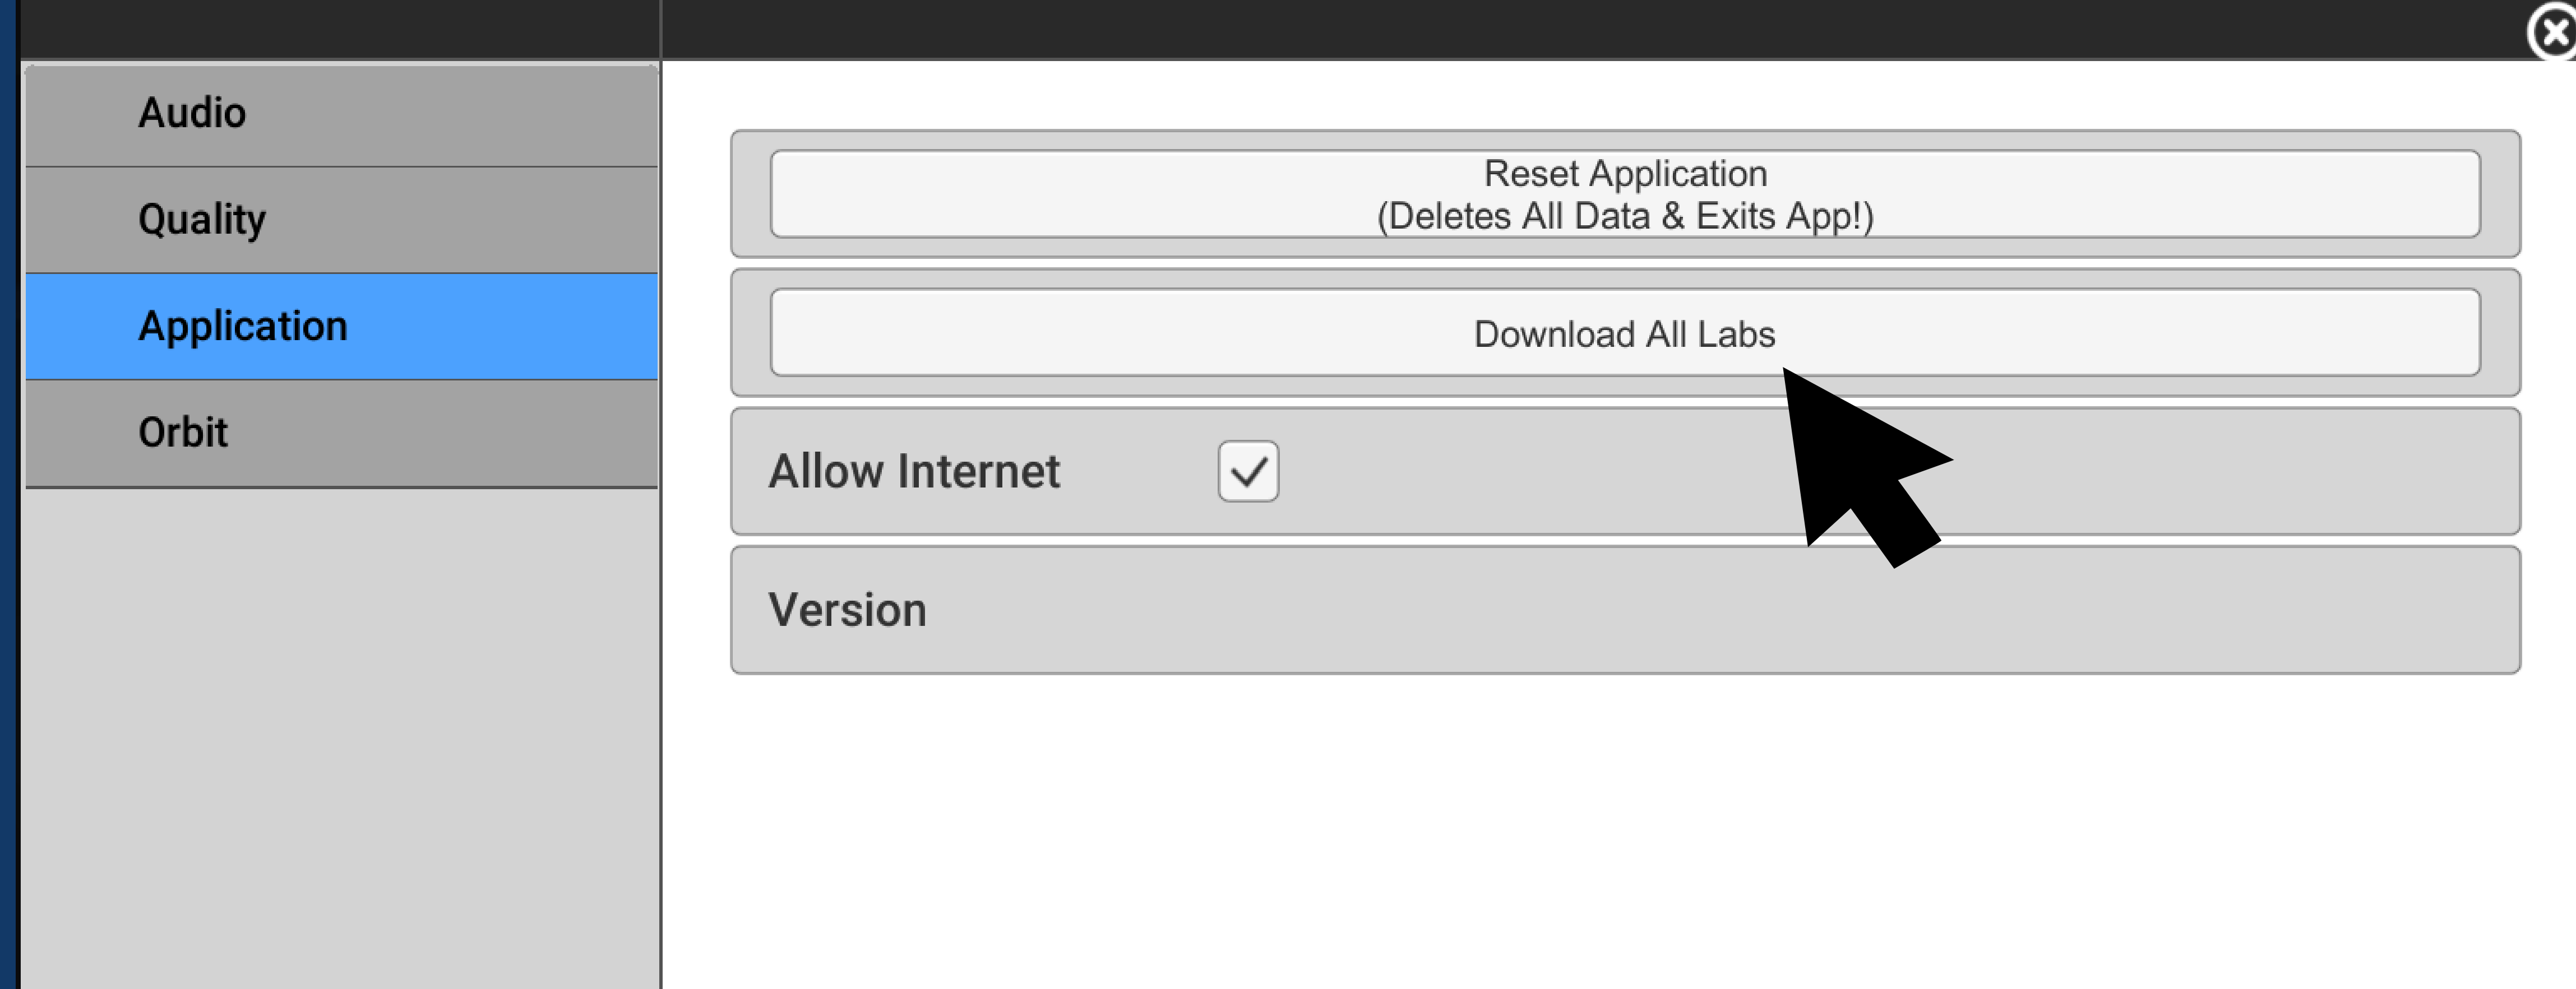

## Recommended for all users

After downloading the lab, click the settings button at the top left corner.

Next under the application tab click the "Download All Labs" button. This will eliminate the requirement to be connected to the Internet.

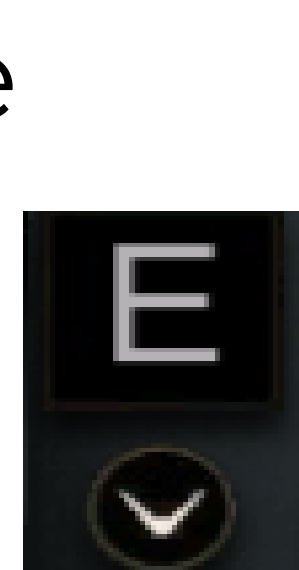

ERAU Virtual Hub

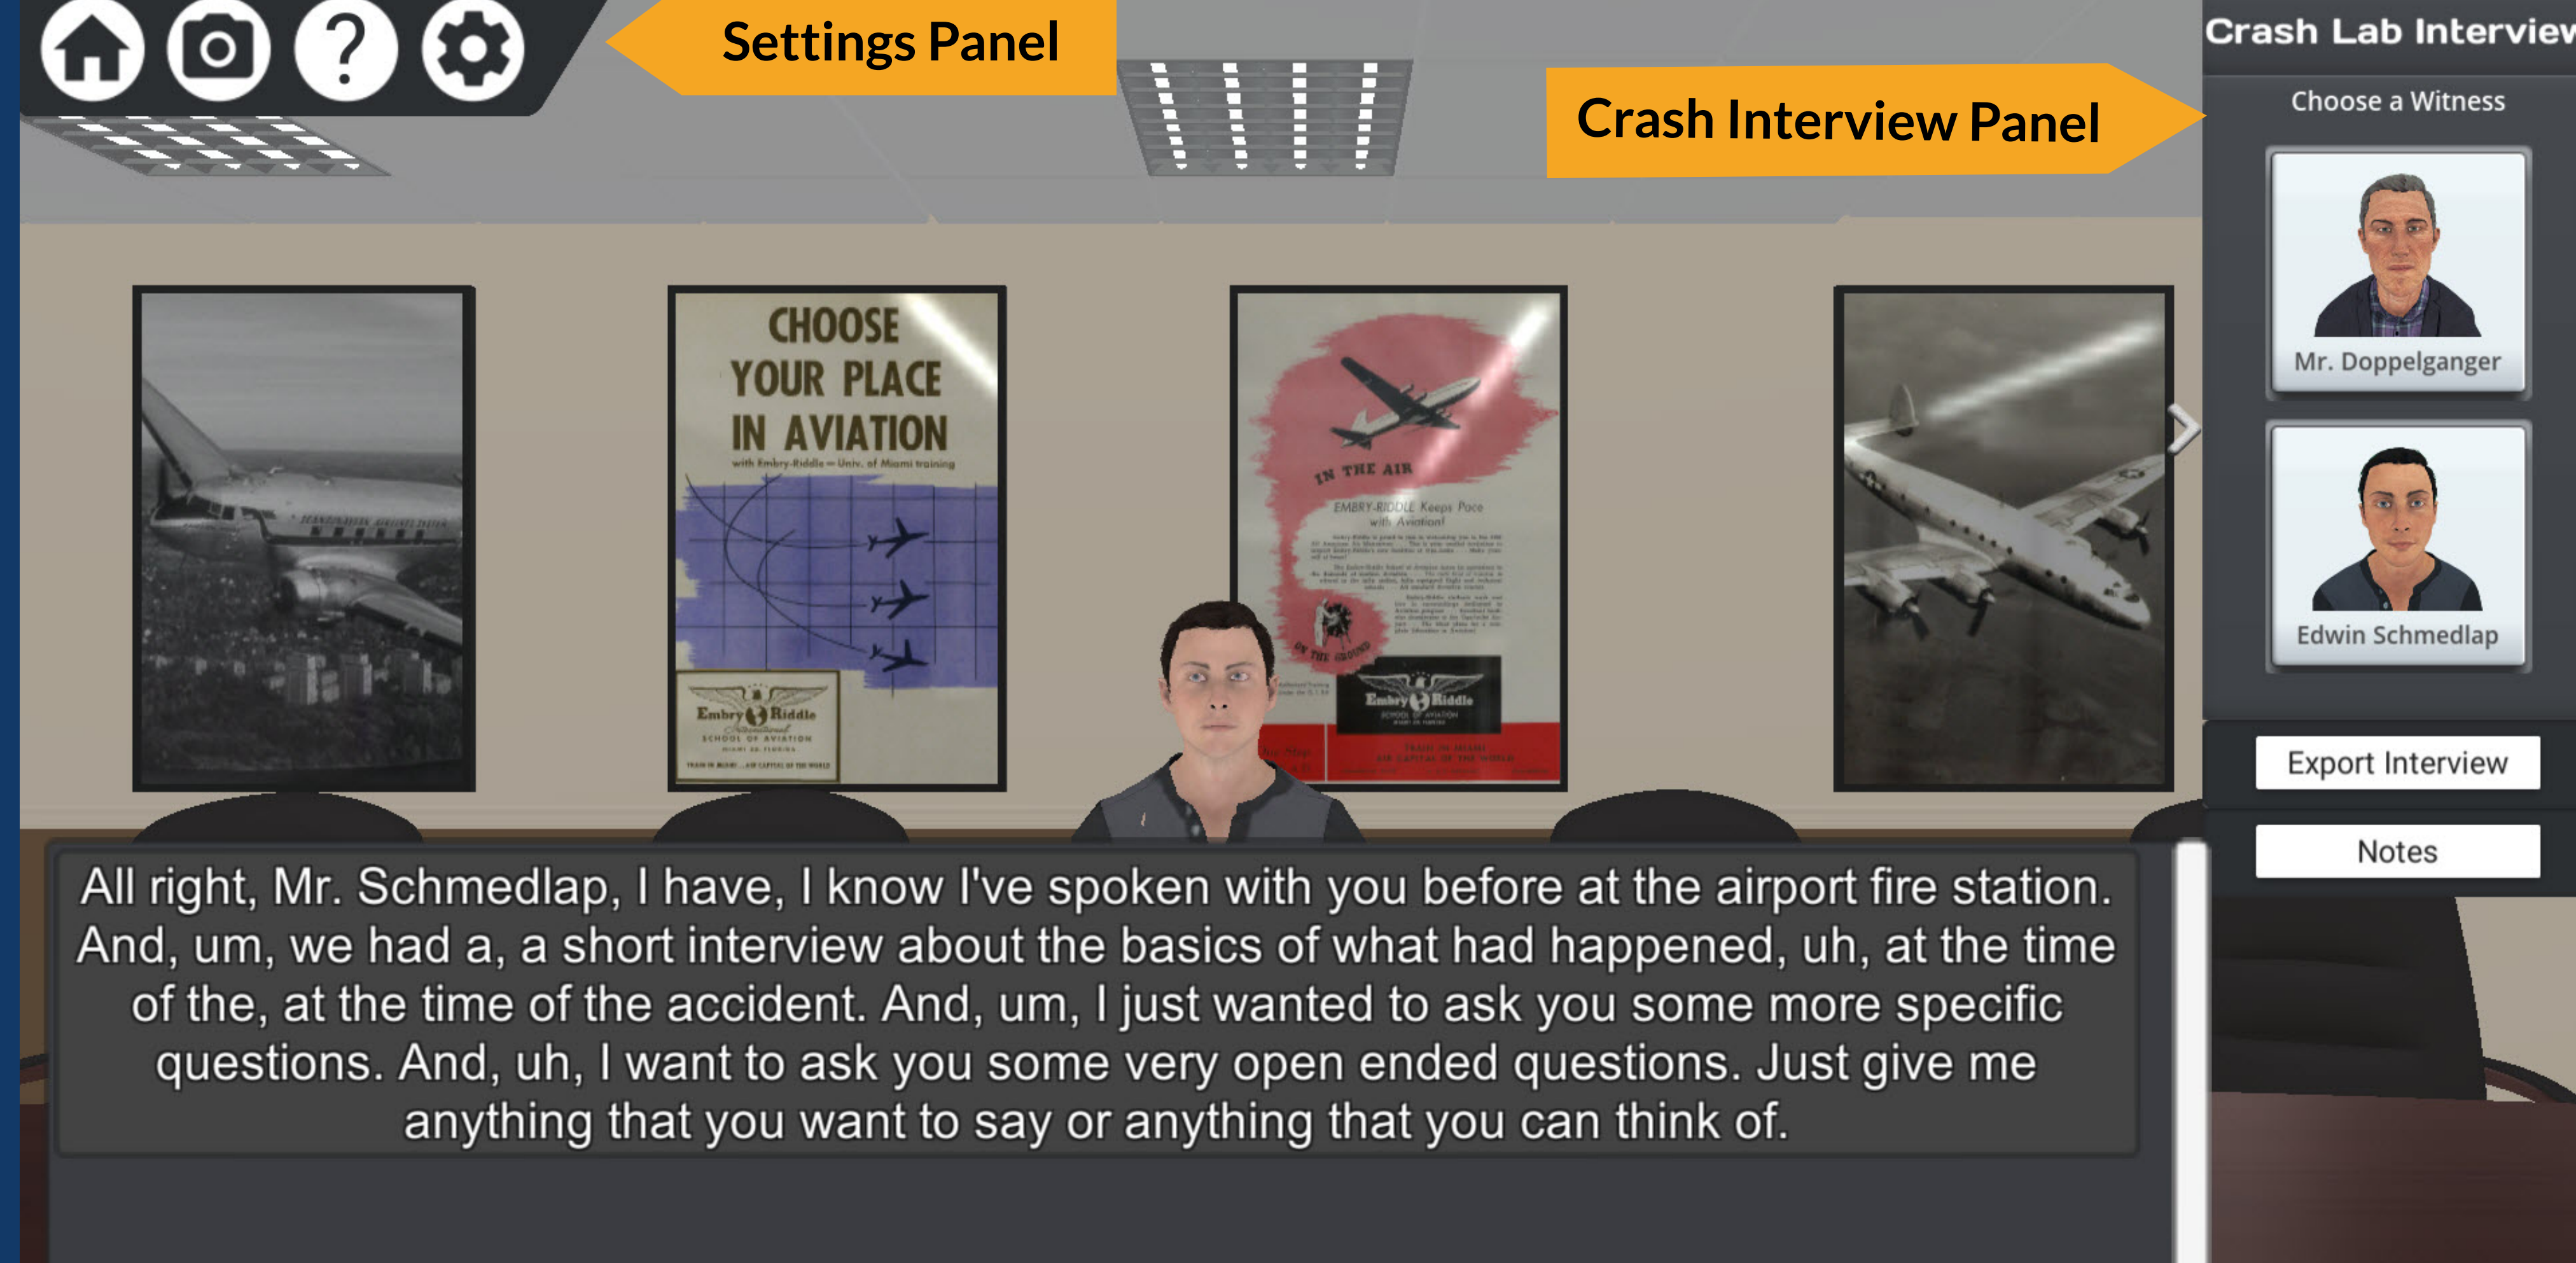

## Welcome to the ERAU Virtual Hub

Once you step through the Crash Interview Lab doors, you will be able to interview two witnesses of the crash.

To enter any door, select the

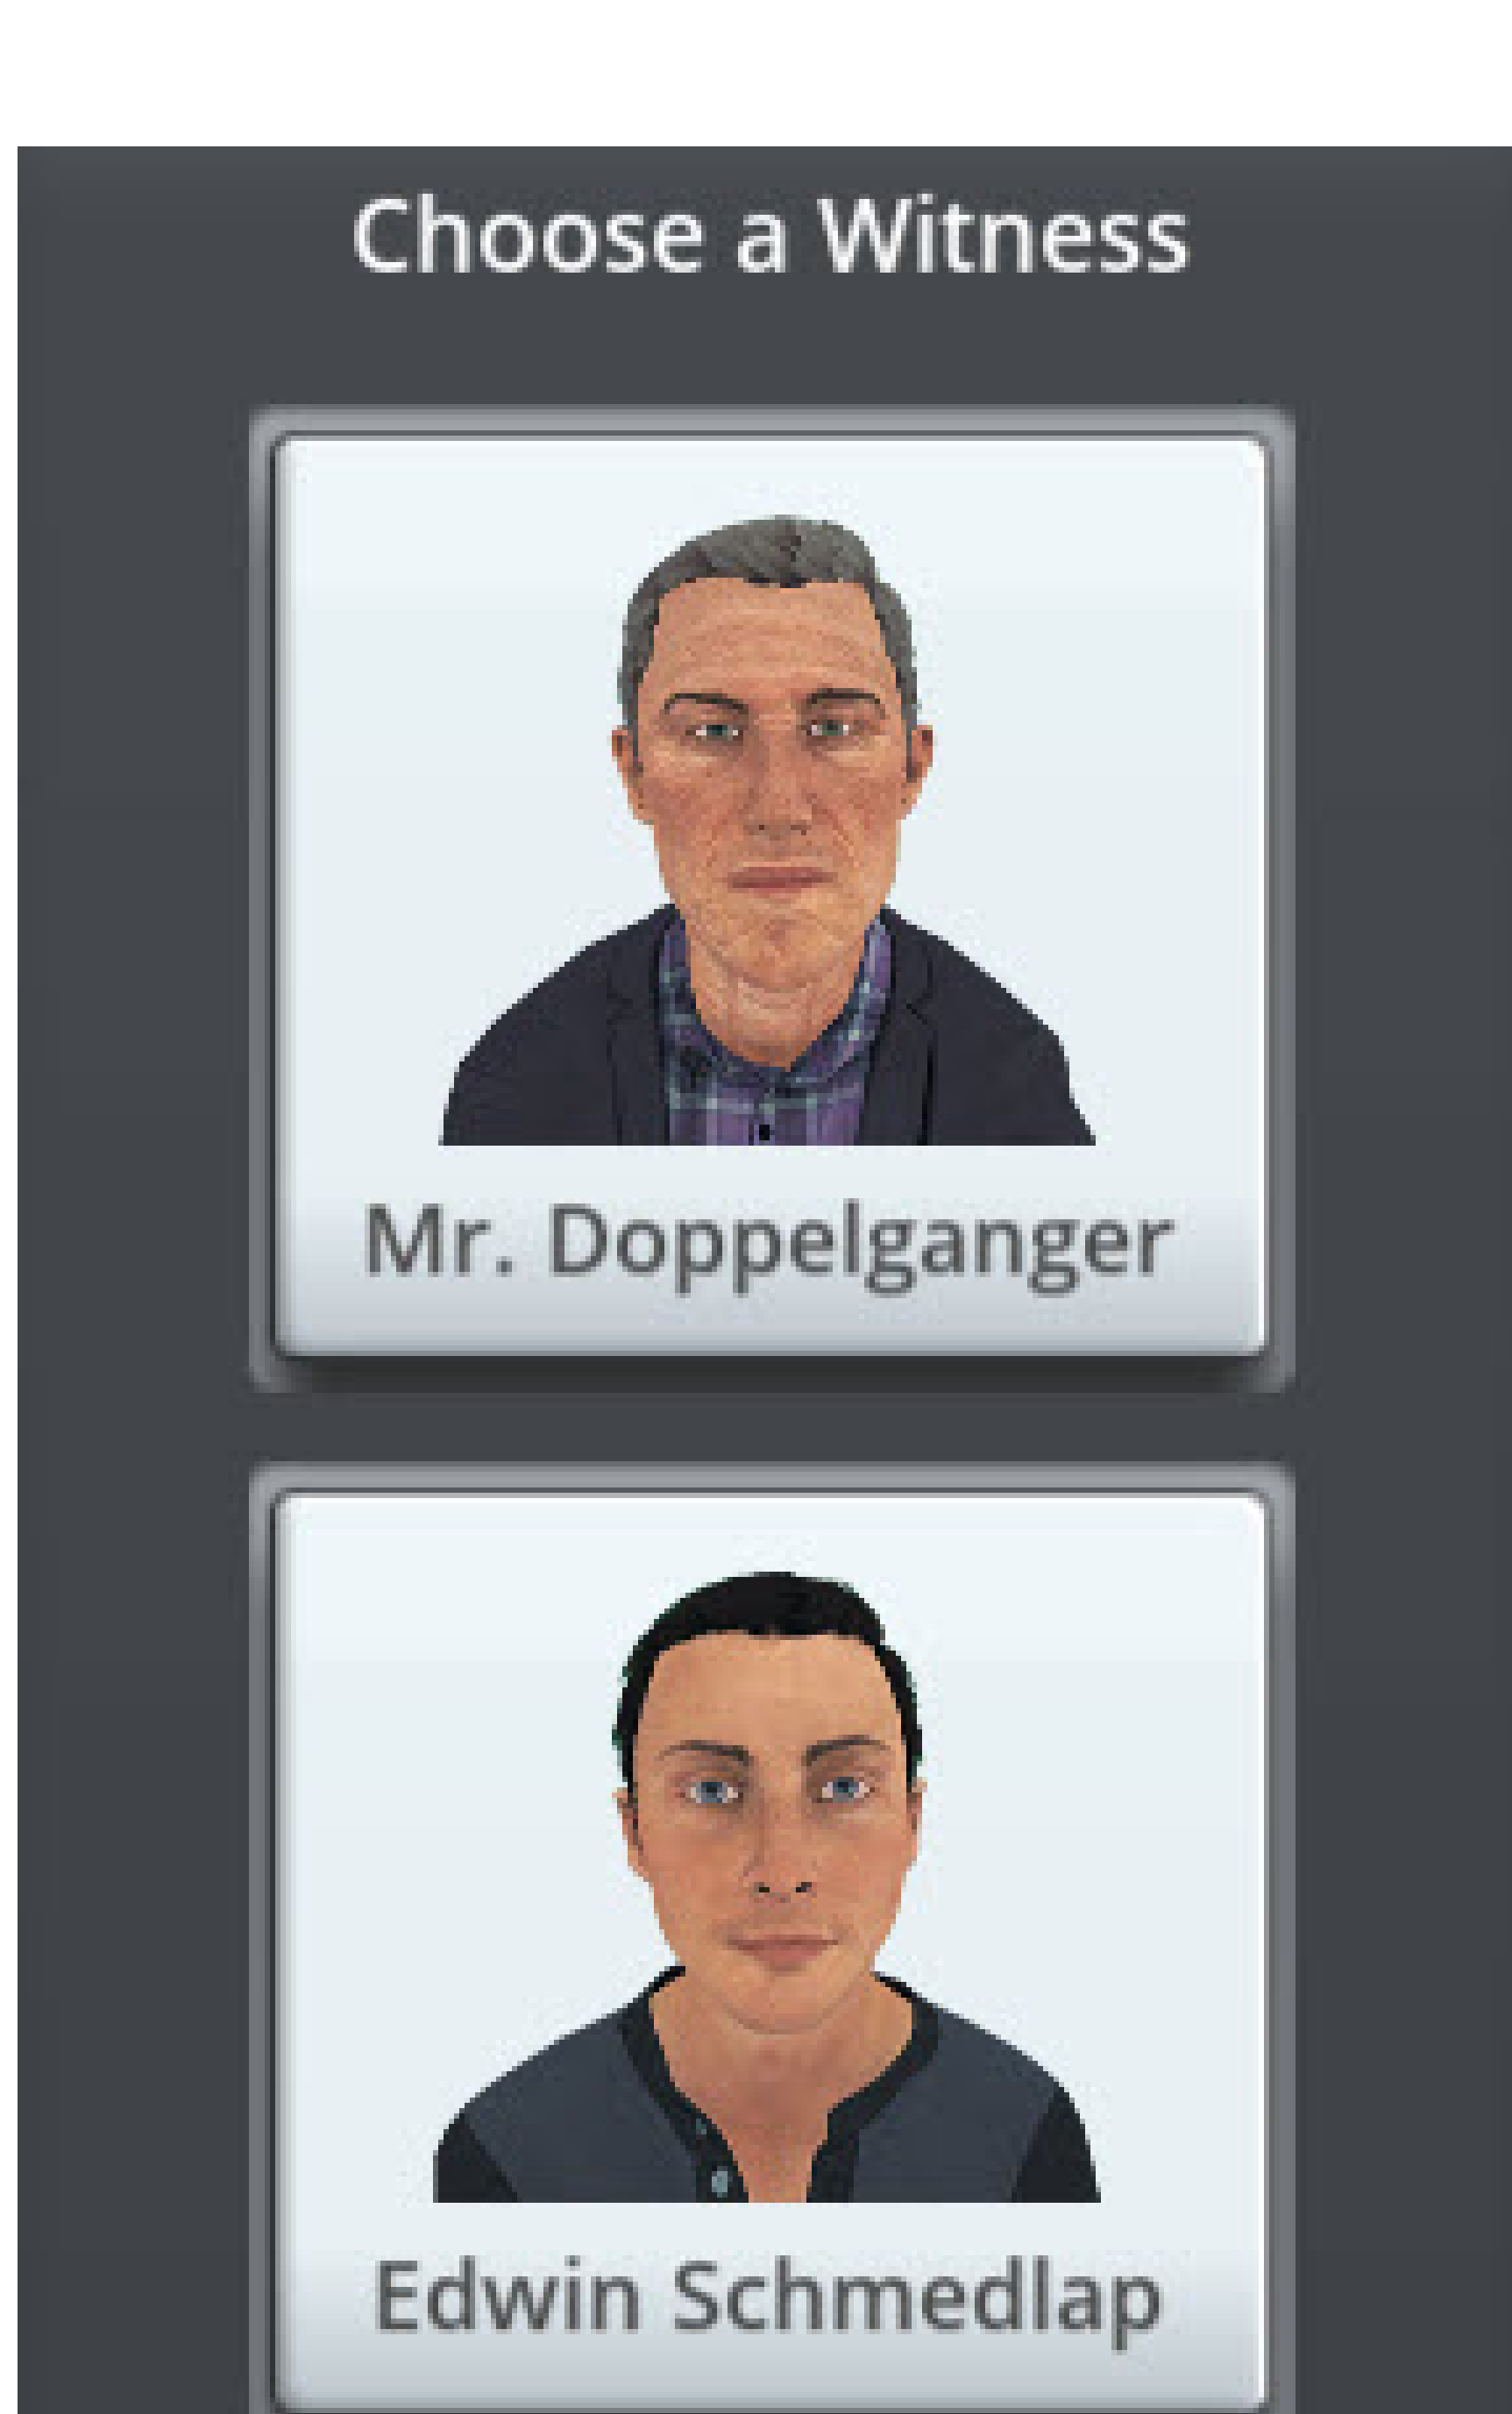

## Enter the Lab

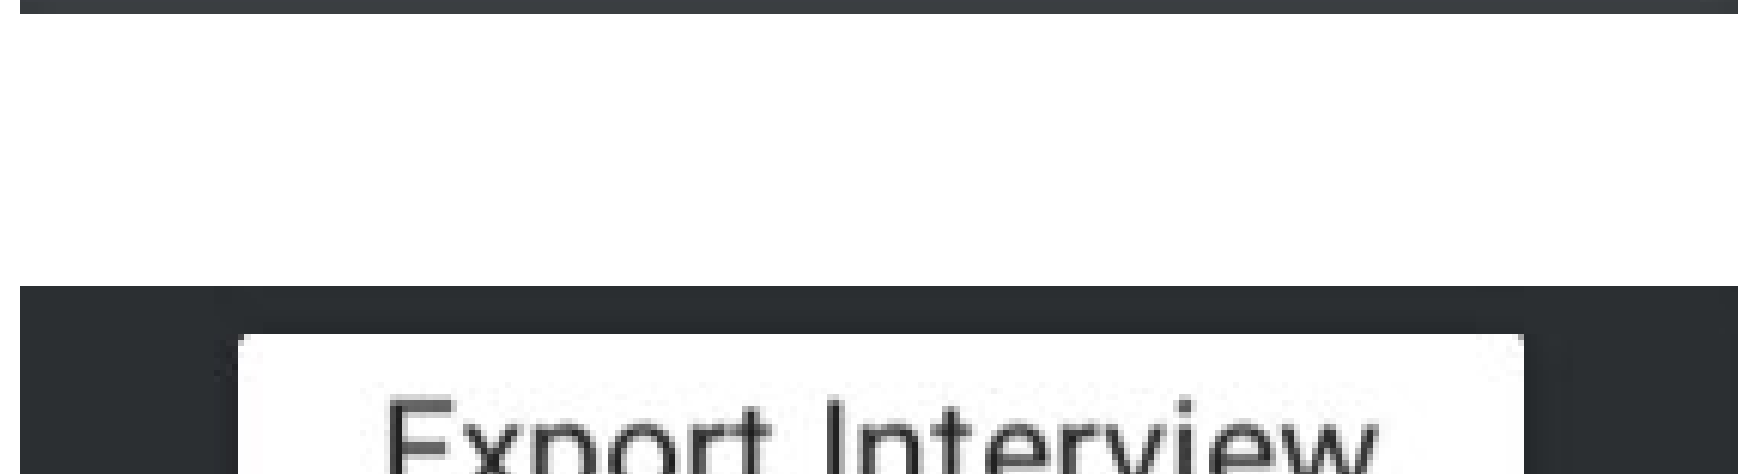

When you reach the crash interview lab room, you will see several icons on the top left and the crash interview panel on your right side.

## Crash Interview Panel

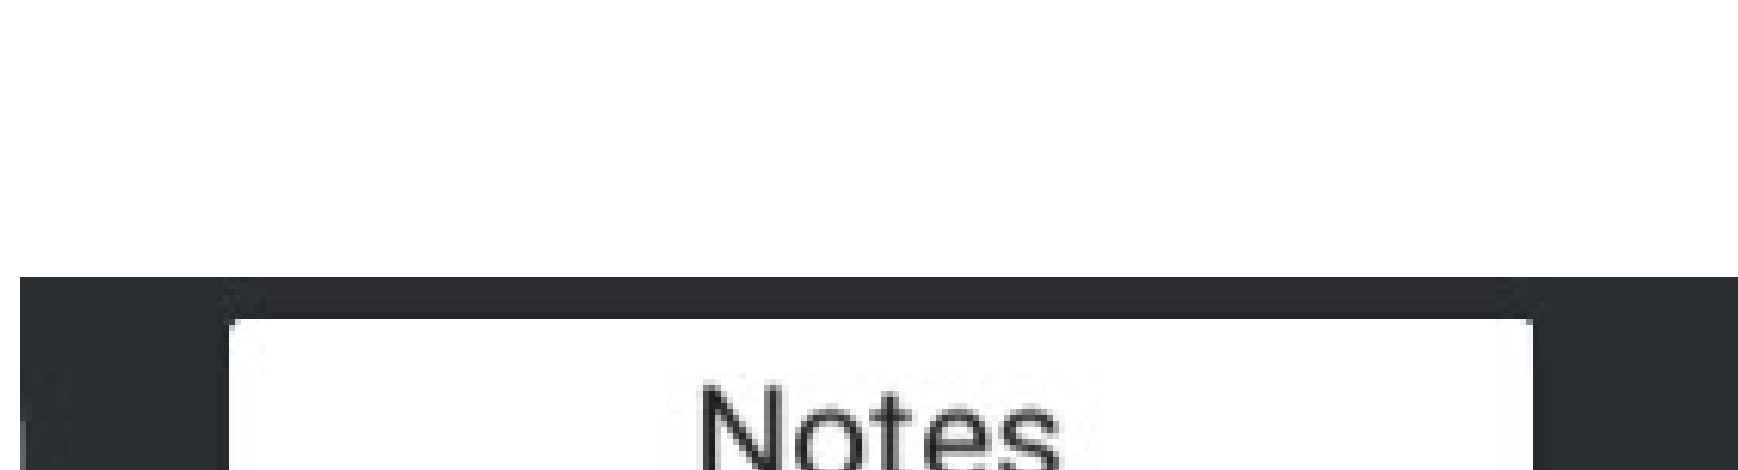

On the right side of the screen, you will find the controls for the crash interview lab.

**Choose Witness:** Select either witness to interview them about their unique experiences before, during, and after the crash.

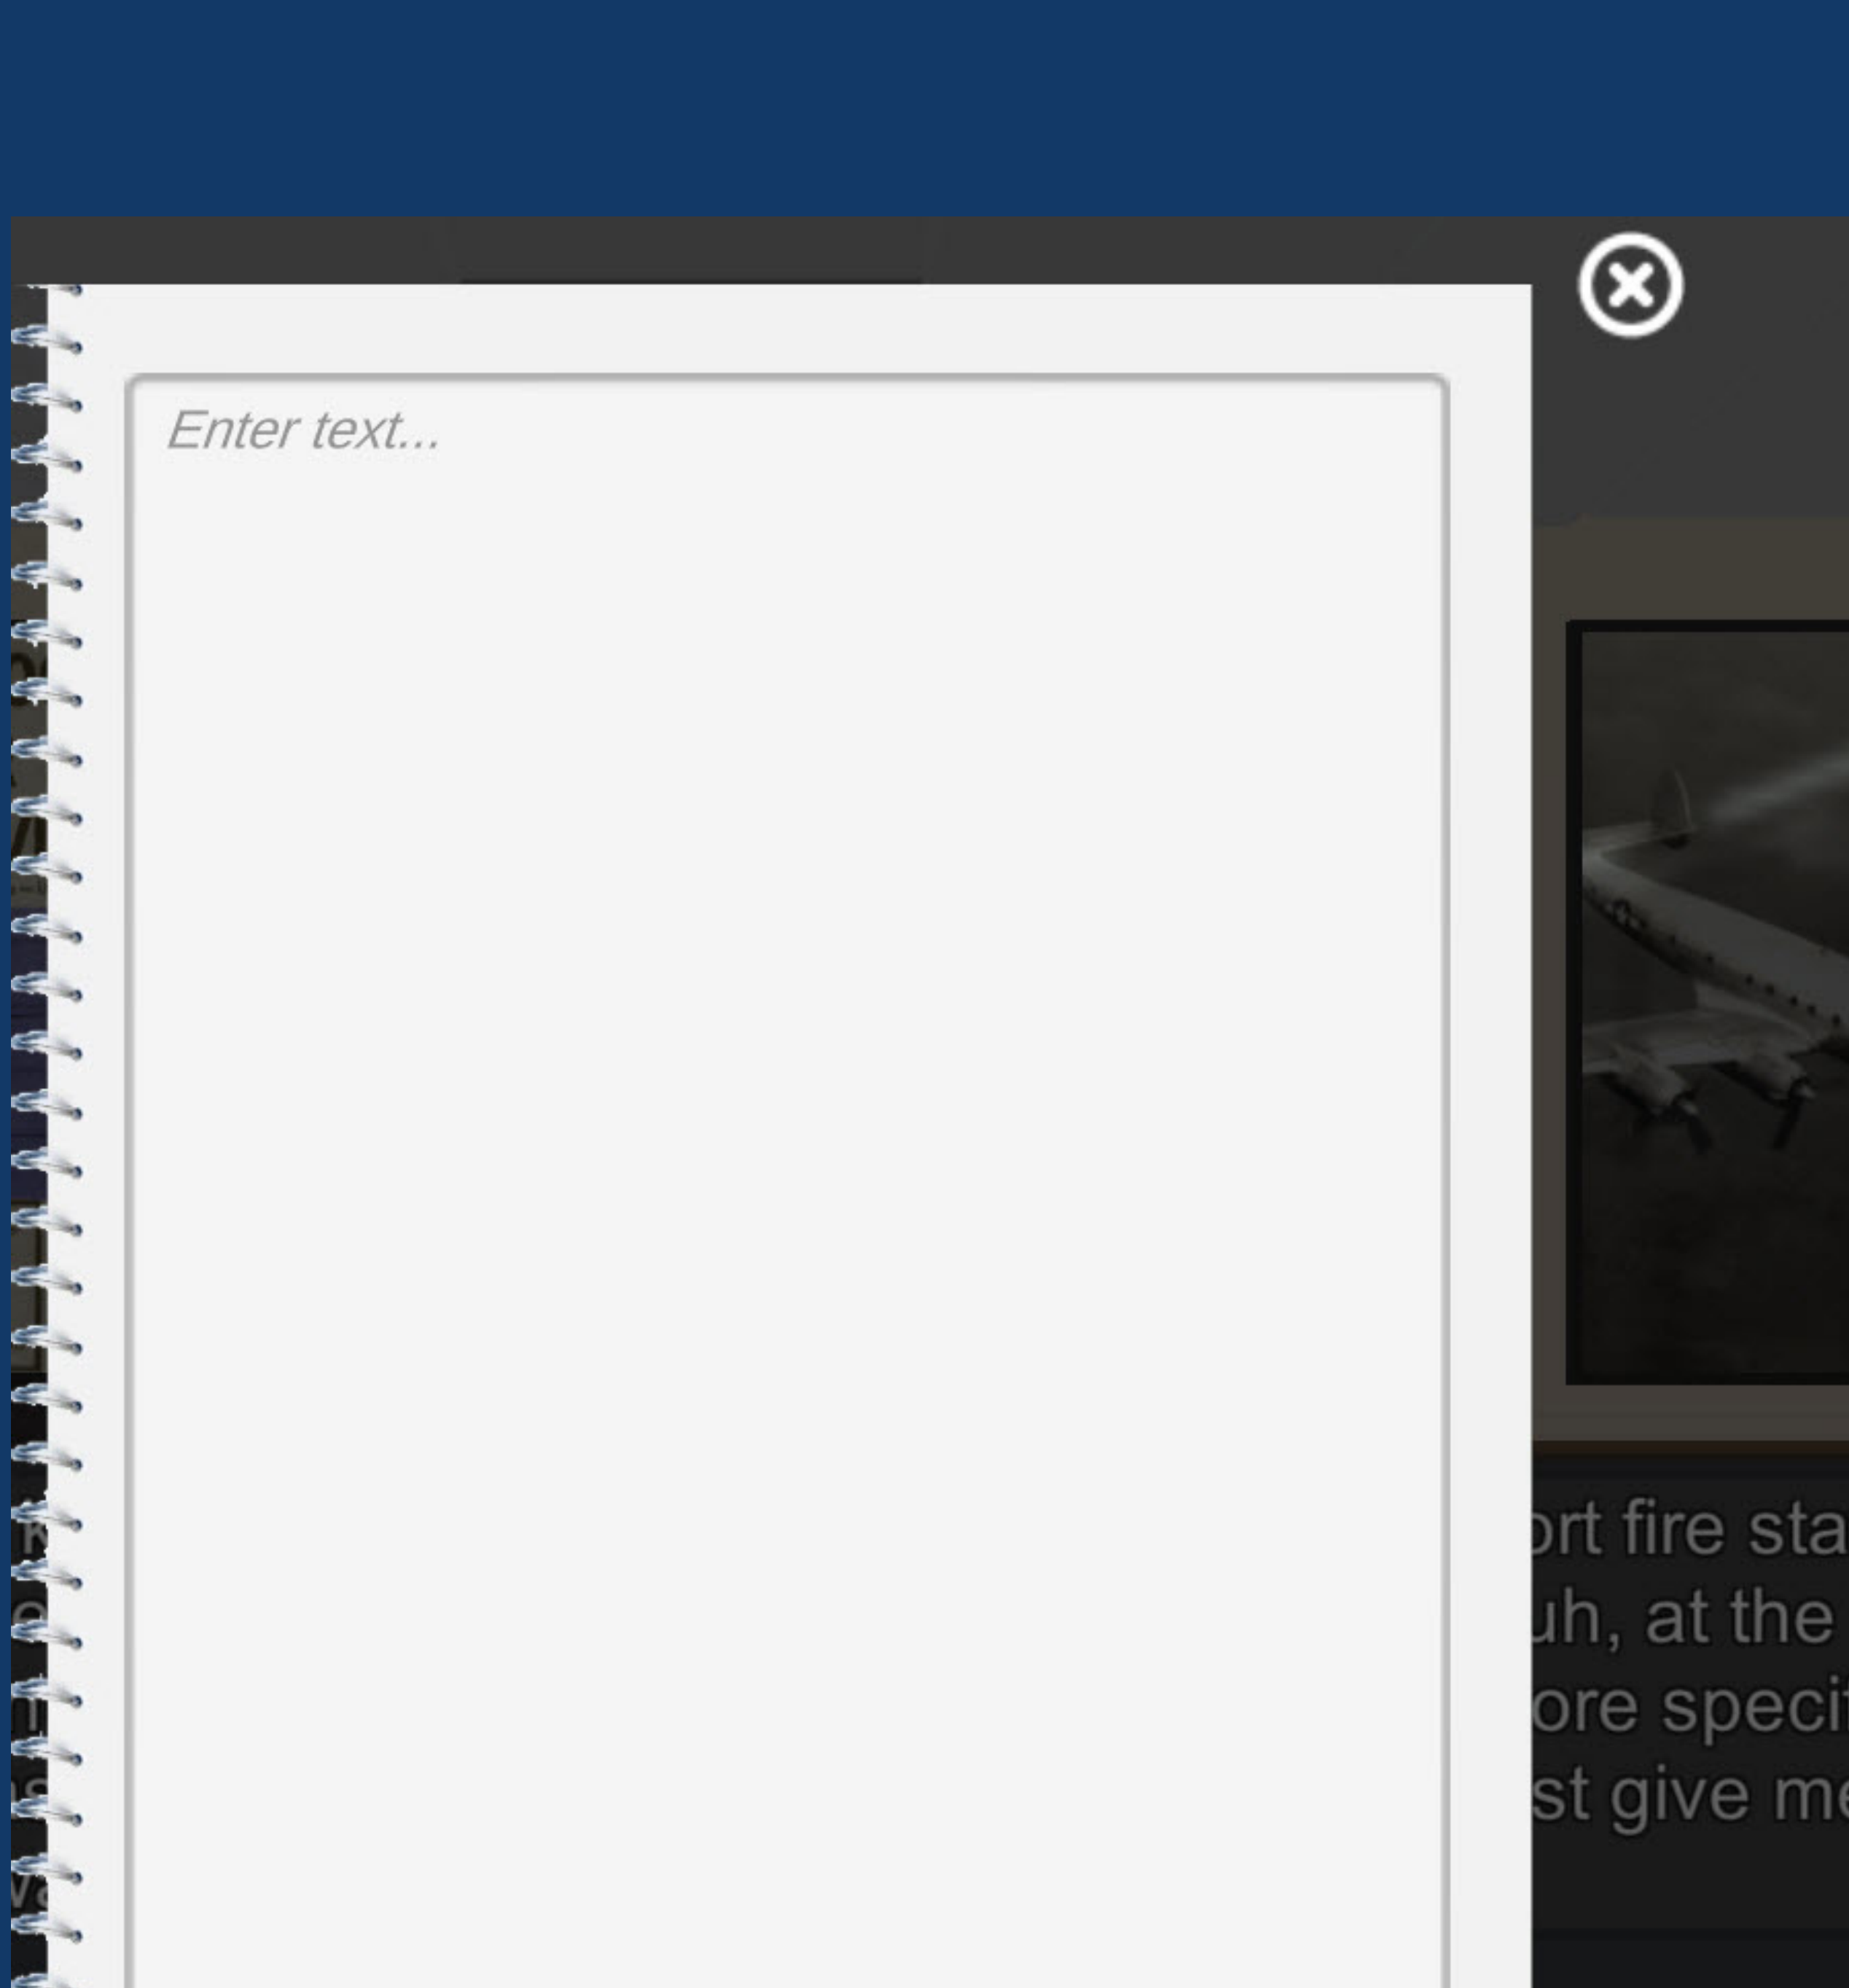

**Export Interview:** Use this button to download a .txt transcript of the interview.

**Notes:** Use this button to open a notepad where you may take your own notes.

## Note Pad

Use this space to take your own personal notes on the interview. You may export a .txt file of these notes using the Export button on the bottom right corner.

You Are Now Ready to
